

Dino Cooking Class

Dinosaurs used to eat raw meat if they were carnivores and plants if they were herbivores.

Humans have much nicer things to eat. They have desserts!

Try to invent some yummy dinosaur recipes. Write down your recipe then make it and eat it.

Give your recipe a 'yummy rating'.

See the example below.

The Nutty Ankylosaur

Ingredients:

Ice cream
Banana
Musk Sticks
Crushed Nuts
Jellybeans
Two chocolate chips

Method:

1. Peel the banana and cut it in half.
2. Put two scoops of ice cream next to each other on a plate.
3. Put half of the banana at one end as the head, and the other at the other end as the tail.
4. Push the chocolate chips into the banana as eyes
5. Sprinkle nuts on top for armour.
6. Break two musk sticks in half and poke into the ice cream for legs.
7. EAT

Yummy rating: 10/10
