

Spot the Animals

The following outlines are of 6 extinct animals that have been discovered at the Dinosaur Dreaming dig site. Colour in each outline using the images below the puzzle as a guide. Once you have coloured them in label each animal.

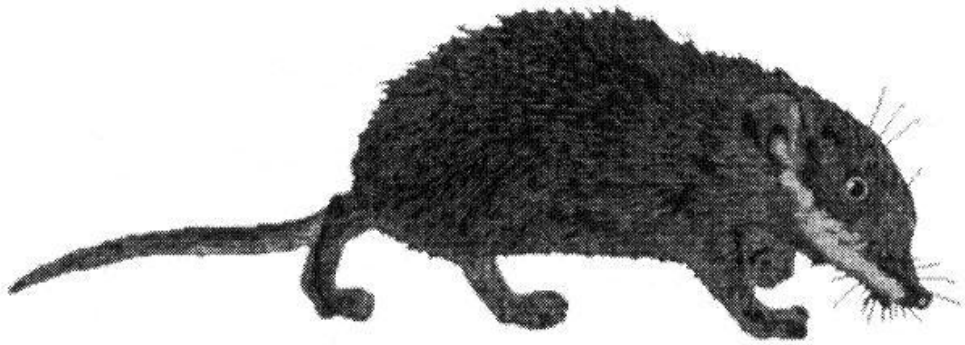

Koolasuchus cleelandi - giant amphibian temnospondyl

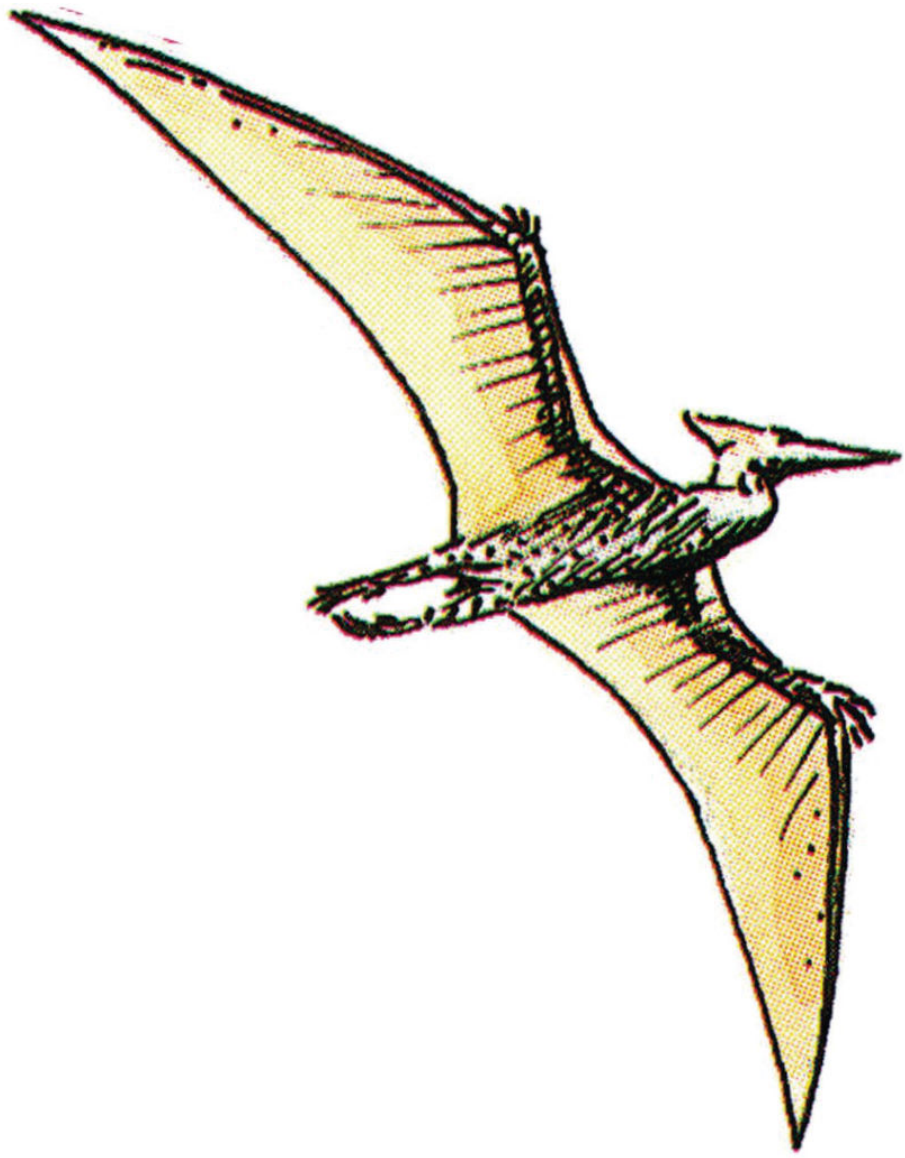

Ornithomimid dinosaur - fast running plant-eater

1 cm

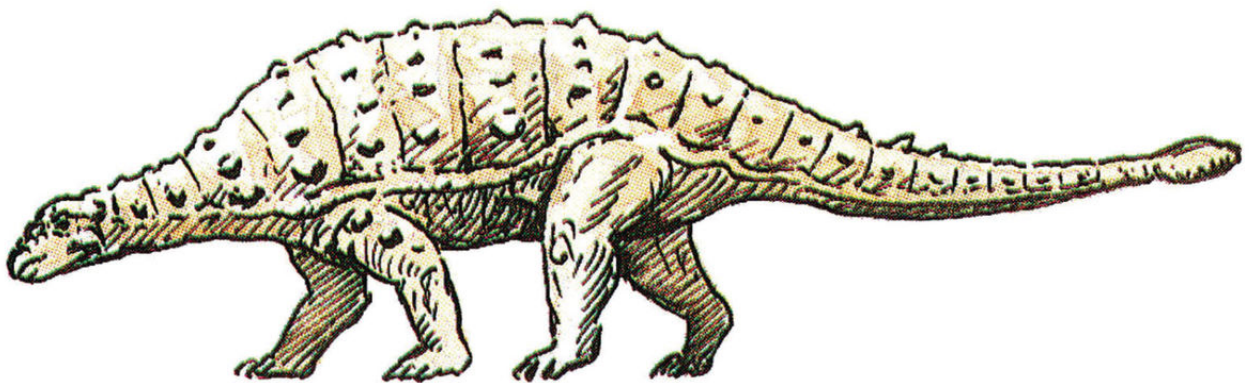

Ausktribosphenos nyktos
(The first Inverloch mammal)

Pterosaur - flying reptile

Large theropod (meat-eating) dinosaur

Ankylosaur dinosaur - armoured plant-eater
